

Astra UI - Privacy Policy

Effective Date: April 11, 2025

This Privacy Policy (“Policy”) explains how **Astra UI** (“we,” “our,” or “us”) collects, uses, and protects your personal information when you access or use Astra UI, an open-source user interface (UI) library for React applications. By using Astra UI, you agree to the terms of this Privacy Policy. If you do not agree with this Policy, you should not use the Library.

1. Information We Collect

Astra UI does not directly collect personal data from users. However, in the course of using Astra UI, we may collect the following types of data through third-party tools or services integrated into the project:

- **Usage Data:** Information on how you interact with the Library, including performance data, error logs, and analytics regarding its usage.
- **Technical Data:** Information related to your device, browser, IP address, and operating system, which is automatically collected by third-party tools or services for performance and security monitoring.

2. How We Use Your Information

We may use the information we collect to:

- Improve and maintain Astra UI.
- Analyze usage patterns to enhance user experience.
- Monitor and ensure the security and integrity of the Library.
- Provide updates and relevant information regarding Astra UI through official channels (e.g., GitHub repository or project website).

We do not collect or store sensitive personal information such as names, email addresses, or payment details. Any third-party tools that may collect such information will have their own privacy policies, which we encourage you to review.

3. Data Sharing and Disclosure

We do not share, sell, rent, or disclose your personal information to third parties, except in the following circumstances:

- **Service Providers:** We may share certain data with trusted third-party service providers who assist in the development, maintenance, or support of Astra UI. These service providers are contractually obligated to protect your data and only use it for the purpose of providing the requested services.
- **Legal Compliance:** We may disclose your information if required by law or to comply with a legal process, such as a subpoena, court order, or government request.

4. Cookies and Tracking Technologies

Astra UI may use third-party analytics tools that may use cookies or similar technologies to collect data on your usage of the Library. These cookies help improve the functionality of the Library and may track your interactions, such as page views, error occurrences, and performance metrics.

You can disable cookies through your browser settings, but please note that some features of Astra UI may not work properly if cookies are disabled.

5. Security of Your Information

We take the security of your information seriously and employ reasonable measures to protect it from unauthorized access, disclosure, alteration, or destruction. However, no method of transmission over the internet or method of electronic storage is completely secure, and we cannot guarantee the absolute security of your information.

6. Your Rights

As Astra UI does not collect personal information directly, there are no specific rights regarding the personal data collected by the Library. However, if you choose to interact with third-party services (such as repositories or analytics tools), you may have certain rights regarding the information they collect, which are outlined in their respective privacy policies.

7. Changes to This Privacy Policy

We reserve the right to modify this Privacy Policy at any time. If we make significant changes, we will notify users by posting the updated Policy on the official project repository or website. Your continued use of Astra UI following the changes will be deemed your acceptance of the revised Privacy Policy.

8. Contact Us

If you have any questions or concerns regarding this Privacy Policy or the handling of your data, please contact us at:
